**6.** O desperdício da produção de cogumelos resulta num fertilizante orgânico e nutritivo para cultivo de frutas e legumes

**1.** Tudo começa com grãos de café

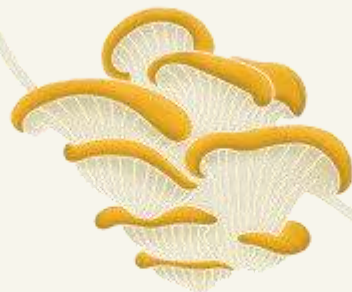

**2.** Adicionamos um bocadinho de água a ferver e transformam-se num delicioso café

*Nãm*

**3.** Em vez de acabarem num aterro a poluir o nosso precioso planeta

**5.** A Nãm transforma-a em frescos, locais e orgânicos cogumelos

**4.** A Delta recolhe a borra desperdiçada de café
